

HELP TV'S "THE LION MAN", CRAIG BUSCH

Hi all of you who have watched "The Lion Man" on TV!

It is repeated regularly on Sky, but for those who haven't seen it, it is about an amazing guy called, Craig Busch. All by himself through years of devotion he has established a park in New Zealand called "Zion Wildlife Gardens". It is a sanctuary for big cats where Craig and his staff work hands-on building bonds with

these gorgeous animals and creating an existence that they otherwise would not have. To date the park houses more than 40 beautiful big cats, safe from hunters. His sanctuary is home to Zion, the magnificent lion who was famously chosen as the face for Aslan in the recent Narnia & Prince Caspian films.

Craig's Mother Patricia came to the park in 2006 to financially "assist" him following a period of personal difficulty. However now she has overstepped her authority and has side-lined her own son from the business he has set up, and isolated him from his big cats and the marvellous work he has been doing. It is a terrible thing she has done to her son and just as bad, the big cats are really missing their Dad!!

Craig "The Lion Man" himself has said: *"I believe my cats miss me as much as I miss them. I do get to see them but not very often and I am not able to go in with them. Some of them have been affected emotionally but the most impact has been on Gandor, Shikira, Zion and Shia. It is not their fault that all this is happening. I need to get back to them as soon as possible".*

Watch this amazing heart rendering video of The Lion Man on You Tube where you can without doubt see and hear how upset his big cats Zion and Gandor are:

The special bond between The Lion Man and the big cats means they see Craig as their Father, and they need him just as much as he needs them. Right now he has sold almost everything he has just to raise money in his fight to get back the park and cats he misses SO much!
